Family Friendly Action PAC Celebrates Launch of President Biden's Reelection Campaign

Following President Biden's announcement that he will seek a second term, Sondra Goldschein, executive director of the Family Friendly Action PAC, released the following statement:

"President Biden and Vice President Harris ran on a platform of delivering relief for working families. And, they delivered. President Biden and Vice President Harris have worked tirelessly to give working families the tools and opportunities they need to build a better life. Working with Democrats in Congress, they secured funding to stabilize the child care sector at the height of the pandemic and bring down the skyrocketing cost of prescription drugs. This work has had an immediate, positive impact on the lives of families."

"President Biden has also charted a clear path for what can be accomplished moving forward by including the strongest proposal for a comprehensive paid family and medical leave program in history in his proposed budget. **From now until Election Day, we will work to ensure every voter knows this fundamental truth: Democrats like Joe Biden and Kamala Harris are on the side of reducing costs for working families.**"

###

The Family Friendly Action PAC is dedicated to improving the lives of working families. In 2022, the Family Friendly Action PAC ran a \$13.5 million voter contact program across Pennsylvania, Wisconsin, Georgia and New Hampshire, communicating with voters about where candidates stand on policies that lower the cost of prescription drugs, ensure paid family and medical leave and provide affordable elder and child care.
